^Reason for stopping IPT

1=toxicity/side effects    4= poor adherence    5=illness, hospitalization (e.g. developed active TB)    6=drug out of stock    7=drug interactions    9=other (specify)

†DST (Drug Susceptibility Testing) results:

R=Rifampicin    H=Isoniazid (INH)    Other: E=Ethambutol    Z=Pyrazinamide (PZA)    S=Streptomycin
